Free Program
Bring Questions, Ideas, and
Seeds to Swap and Start

Spring is right around the corner, so join us at Aikido in Fredericksburg for a free Seed Swap program designed to help you get your garden started the right way!

Donna is a lifelong gardener with plenty of trial-and-error experience in different climate zones. After becoming a Master Gardener Volunteer in Virginia she became particularly interested in native plants and natural gardening methods including vermicomposting. This open house is perfect for beginning gardeners, newcomers to the area, and experts willing to share their knowledge.
